

Together, we will ensure the ICC experience is *Accessible* to all children and youth.

Our *In the City for A Global Community* capital campaign will make it possible for us to have our very own headquarters – for the first-time in the ICC's history. We envision this new headquarters as a place where together, we will enable singers of all backgrounds to flourish by keeping the ICC programs affordable and by providing a safe and inclusive environment that encourages singers to embrace their potential, express themselves boldly, and strive for excellence.

Our choirs and programs directly reflect our vision to bridge across cultures, ethnicities, and economic backgrounds to bring choral music to all children. Through this commitment, the artistic excellence of the ICC enriches the lives of children and audience members from all religious, racial, cultural, economic backgrounds, and gender identities and maintain standards of safety, diversity, and accessibility.

Gifts to this campaign will help to ensure programming growth, diversity, and accessibility. We break down barriers for singers and families to ensure that all children can participate in ICC programs. By providing numerous opportunities to participate in ICC programs, ranging from short-term, high-impact programs like our Summer Music Camp or our Neighborhood Choir Academy to our year-round choirs, we are able to work with families to meet them where they are to ensure we are accessible to all children and youth.
